

AutoAlert + **STELLANTIS**
DIGITAL

DRIVE HIGHER GROSSING DEALS WITH THE MOST POWERFUL DATA-MINING PLATFORM IN AUTOMOTIVE

AutoAlert's behavior-predicting platform prioritizes and identifies your customers who can upgrade today! **Every department of your dealership benefits from data done right.**

ADVANCED DATA MINING

Prioritize your top sales opportunities with powerful data, predictive analytics and actionable reporting.

REAL-TIME SERVICE-TO-SALES NOTIFICATIONS

Sell more cars and source more desirable cars from your #1 lead source - your service drive.

AUTOMATED, PERSONALIZED TARGETED MARKETING

Engage customers with the right message at the right time.

ADVANCED TAGGING & TRACKING

Be alerted to engaged, in-market customers today.

“CRMs don’t provide the info the way AutoAlert does. You have to do a lot more digging. I’ve had the same CRM for the last 16 years, so I know it, and it’s not the same as AutoAlert. ... If I’m not at 1/3 of my sales per month from AutoAlert’s data mining, then I’ve probably failed.”

– Chris F, Sales Manager at CDJR Dealership
