

A new Stellantis product

No waiting with Express Check-In

Express Check-In helps dealers deliver a great service experience by reducing wait-time and providing a superior level of convenience.

Express Check-In provides accurate wait time estimates, and enables customers to check-in online to a “virtual queue”. They conveniently wait for service wherever they want...(at home, the office, or a coffee shop) and are prompted when to arrive at the dealership for service. Customers and dealers alike are happier with shorter waits in the lobby.
